

**Dear Customers, Partners!**

**Pentelei Logisztika Kft.** is an international road transport company, we have been serving our customers with reliable and certified carriers for several years. With long-term contracts of about 20 trailer trucks, 5 kippers and 20 boxed refrigerated trucks we are continuously available to load. Additional capacity is 10 vans (4-8 pallets), 5 7,5-tonne vehicle and 3 tail lift trucks. For bulk cargo, we can expand our capacity from 5 to 10 trucks by request. Some of our subcontractors with kippers have GMP certificate for transporting Organic goods.

The **1-24 ton trailer, boxed and refrigerated trucks** are handling mainly **full truck loads (FTL)**. We also have expertise in transporting dangerous goods (**ADR**) and also in oversize, overweight, cooling and temperature controlled deliveries. In addition our specialty is to organize and manage **partloads** which are economical door to door transports, in export and import directions.

**Just-In-Time** receives special attention, as many of our international clients operate production sites in Hungary, including automotive suppliers and medical equipment manufacturers. To support this activity and enhance security our vehicles are equipped with **mobile phones** and most of them are also equipped with **satellite tracking system**.

**Nearly all European countries** can be found among our destinations, and reliable guarantee is provided in this area through **insurance of our carriers (CMR)**.

*Our staff is a skilled, flexible and helpful team, our employees are ready to meet the needs of our customers.*

*We look forward to your request for quotation and to contact us.*

**Pentelei Logisztika Kft.**
